TENTH TIT - BITS No. 27

APRIL 1993

NOTICE OF OUR 48TH REUNION

THE PLACE TRAVELODGE MOTEL

Corner St. Kilda Road and Park St.  
Melbourne - opposite the Shrine

THE TIME From 10.00 a.m.

THE PRICE \$15.

Anzac Day is on a Sunday this year and we are hoping this may mean that more members will be able to attend. Interstate attendances should be higher and we have heard that these will include DR. BILL BRAND. Once again the Committee has decided to keep the cost of the luncheon to \$15, the balance to be subsidised from unit funds.

At last years' reunion VERN LAIDLAW proposed that members sons and grandsons over 18 years of age should be allowed to accompany the member to the Reunion. After much discussion this was agreed to. Members who wish to take advantage of this must contact VERN at least one week before the Reunion and limited acceptances will be granted on the 'first come first served' basis. Because we are bound to pay for the minimum number of luncheons ordered, payment in advance for these visitors is requested.

THE MARCH On ringing Anzac House for details of this years' March I was put through to one of the Marshalls who announced in parade-ground style that the commencement time was again '0900 hours'. As the Army is leading we are in for an early start and should be ready to move off from our normal spot in Collins St. between Swanston and Elizabeth Sts. no later than 9.15 AM NOT A PROBLEM!

LAST YEAR We managed to muster 37 marchers in ideal conditions. Two of BOB KINGS grandsons BRADLEY and JUSTIN again carried the banner assisted by their brother THOMAS and WATTIE TULLY'S grandson DEAN FALLON on the side ropes.

President MICK DUNN led us off at 9.45 AM and 36 enjoyable minutes later we passed the saluting point at the Shrine.

LAST YEAR'S REUNION We fell only one short of having 50 members at our '50 years since first action' luncheon. The number however was achieved when VERN LAIDLAW'S son RUSSELL joined us. The memorabilia and photos were a great source of interest and the general atmosphere seemed to roll back the years.

The Secretary and Assistant Secretary shared the reading of the names of our deceased members who were remembered during the traditional 2 minutes silence. President MICK later said "As the list is read many of us can catch a fleeting glimpse of them in our minds eye - a very moving experience."

APOLOGIES were received from LLOYD STUART, DR. BILL BRAND, KEN GORDON, GEOFF FLOWER, ANDY McHATTIE, HAROLD GRUNDY, WALLY PAGE, ED MOTT, ALLEN GADSDEN and DR. EMMET SPRING.

INTERSTATE MEMBERS BOB JAMES, MURDOCH McMILLAN and KEITH HALL (MERIMBULA) were given the usual warm welcome.

TOAST TO THE UNIT One of the highlights of the Reunion was the witty, nostalgic and informative Toast presented by DR. IAN WILSON. We were made privy to some events which occurred behind the scenes; history previously untold and therefore quite absorbing. Older members in particular enjoyed his memories of the earlier days when IAN was 2.I.C. at NAGAMBIE ROAD CAMP. He recalled GEOFF DERMER chasing and actually catching a rabbit. BULL MARTIN in full battle dress taking CHURCH PARADE. Being issued with a .45 revolver which was so inaccurate and ineffective that on reaching NEW GUINEA he managed to swap it for a TOMMY GUN. Also being given BULLY BEEF to eat which was found to be left over from World War 1, but which was "good and tasty". IAN told of his love-hate

relationship with 'the old man' LT. COL. MCKENZIE. 'MAC' had accused the Officers of being sissies when they complained that there was too much chlorine in the water, so they put increasing drops of chlorine in his tea over a couple of days to try and prove their point. 'MAC' woke up to what was going on exclaiming "You young B.....s I'll get you for this". True enough he stopped their leave for some time. When the 'old man' was 'captured' early in the 'battle of MT. TAMBORINE' IAN and MERV FEATONBY decided to take advantage of his temporary absence and set up an aid-post at Southport!

IAN revealed how concerned he and other Officers became over MAC'S increasing instability as the unit was preparing for the inevitable action to come. He likened the position to that in the CAINE MUTINY. The situation was resolved when MAC became ill and was replaced. Episodes of the move to NEW GUINEA were related. TOWNSVILLE of course was mentioned, one reference being to the sewage which flowed out of the Harbour with the tide, then back again on the change of tide. IAN found it much better to watch the beautiful sunsets than the sewage!

Sometime when the Unit was variously at BUNA, GONA and/or SANANANDA he was temporarily attached to an INFANTRY unit. At one stage he found himself alone and struggling to carry a heavy pack of medical equipment when a JEEP bearing no less a person than GENERAL GEORGE VASEY gave him a lift.

In 1943 IAN was laid low with SCRUB TYPHUS which in three weeks reduced his weight by seven stone. He remembers LAURIE MALKIN telling him he was 'with the fairies' on occasions. He praised the treatment he received, reminding us that the 10th had the best record of any unit for the nursing of SCRUB TYPHUS patients and he acknowledged with emotion that his life had been saved by the boys whom he had helped to train. IAN was given a standing ovation at the conclusion of his TOAST.

RESPONSE President MICK thanked IAN for his excellent TOAST and said that he shared the sentiments expressed. Each year MICK passes on to the meeting a few well chosen thoughts which add greatly to the dignity of the occasion and endears him further to members. Later in the meeting he paid tribute to the late DR. GAVAN JOHNSON decorated for services to the 10th and later to a C.C.S. and commented that GAVAN lived and ordered his life as a Christian.

NEWS OF ABSENT MEMBERS Various members gave brief reports on the following MERV. BLOW, CHARLIE REDDINGS, BERT WEBSTER, KEN GORDON, BRUCE YOUNG, KEITH FLINTOFF, DANNY BISHOP, ROD BOUNDY, EARL AND NED MATTHEWS and ROY DE JARLAIS.

SOCIAL CLUB REPORT was given by WATTIE TULLY who mentioned both the successful picnic and YARRAWONGA TRIP. WATTIE moved and BOB JAMES seconded the motion that \$100 be again made available towards a trip to assist widows who go to YARRAWONGA.

WELFARE REPORT JACK BACON advised that SYD BIFFEN died on 21st April after about eight months of cancer. JACK advised that all of us should be medically examined every three months to avoid an autopsy being required in the case of sudden death. He raised the question of death notices in the press and after full discussion it was agreed that this be left in his capable hands.

TREASURERS REPORT VERN LAIDLAW reported a credit of \$466.98 in the current account and \$2,744.65 in the Investment account. Both accounts had been audited by LAURIE MALKIN.

The meeting officially closed at 2.55 P.M. at which time TED YOUNG showed a series of wartime slides of members which once again brought great delight.

I believe that "the afters" at the home of BOB and MARG KING was again a great success and will be 'on again' this year.

LEST WE FORGET We add three names to last years' list and mourn the passing of SYD BIFFEN 20/4/92, HAROLD (TAC) GRUNDY 3/5/92 and HARRY (SHAGGY) WILLIAMS 9/11/92.

Neil Gerrand wrote to SYD'S widow and received a lovely reply and copy of the funeral service. This will be on display at the reunion along with the oration delivered so well by TED YOUNG at the funeral of TAC GRUNDY. I learnt of the death of HARRY WILLIAMS from the 4th FLD AMB. Newsletter.

LETTERS FROM MEMBERS AND OTHERS (edited where necessary)

51 Garibaldi Street, Armidale 2350

February 1993

Enclosed is a cheque for \$10, please put it to good use.

I have just been talking to 'MING' STEPHENS of Wangaratta. He had heard from ROSS HAYTER that I had lost my wife last September - MING lost his wife in December so the object was to cheer each other up.

I now thank the 10 FLD. AMB. for the lovely card at the time of my great loss. JOHN COX wanted to send flowers but when I told him 'no flowers by request' he sent a camelia bush in a pot and in flower. I am happy to say that it is doing well and every time I see it I remember the 44 years of happiness Joy and I had together.

LES BEST will be holidaying in COFFS HARBOUR next week and has invited me to go and stay with them. LES has had 5 by-passes and has 'one foot on a banana skin'.

Cheers to everyone,  
GEOFF FLOWER

*What a great example of mateship. Hope you did get to see LES and that he didn't by-pass you GEOFF.*

"THE DIGGINGS" Bells Flat Road, Yackandandah 3749

15 - 2 - 93

Enclosed is my sub plus a small donation. I was sorry to have missed you when the Yarrowonga group lunched here in YACK and then came out here for coffee.

During the year I called on GEOFF FLOWER in Armidale, he looks very well hiding behind his beard - I scarcely knew him. We had a very pleasant lunch together at one of the Clubs. This year I arrive back from England on Anzac Day and doubt that I would be in any fit condition to make the March or Lunch, but hope to catch up with you again soon.

As ever,

ROSS HAYTER

*Thanks ROSS, we'll think of you on ANZAC DAY.*

7 Ajana Street, North Balwyn

9 - 2 - 93

My cheque for subscription is enclosed. When recently we spoke on the phone you commented that we may meet at the picnic. Unfortunately I am required to be in New Zealand from Monday 15 February and will still be there on Picnic day. Remember me please to those who attend.

Regards,

DAVID JAMES

*David gave us a supply of envelopes for picnic notices and Tit Bits thanks David.*

17 Hart Street, Port Macquarie

15 - 2 - 93

Just a short note to say hello to all our unit members, and wish them a great day for the annual picnic, and Anzac Day celebration.

We have had a great summer this year at Port Macquarie. The temperature has ranged between 25° and 30° every day and Eileen and self have been surfing every day, that is except golf and bowls days.

We had a wonderful trip last year travelling north as far as Port Douglas staying at places we liked or moving on to the next town. Cairns, Townsville and McKay were the favourite towns. We enjoyed our fortnight in Cairns although the variations in tides and no swimming during certain months is a tourist drawback. Had a wonderful day on Green Island. We had a most enjoyable day on the Tablehands at Kuranda. Travelled up by coach and returned to Cairns by train past the Barron Falls. We did not journey to Atherton or WONGABELL, I guess I spent enough time there!

Spent an enforced fortnight in Maryborough as Eileen was in hospital. Maryborough is quite a nice town, but Harvey Bay was the only NO NO town on our trip.

Have a great picnic and Anzac Day celebration.

Greetings to all,

RON HANDLEY

*What its like to be fit! Next year head South instead of North. The Tigers may even make it worthwhile.*

18 Pelman Ave, Greenacre 2190

17 - 2 - 93

Unfortunately I will not be able to make it up for the Picnic, hope to see you on 25th April though. I don't have much news for you either, not much contact here in Sydney. Do see ROSE SCHLENKER occasionally and we take her to BARDWELL PARK R.S.L. for lunch some Sundays. We go there for Armistice Day too. I take part in the March and then service at the Club presided over by a Salvation Army Major who has been doing it for years now. After this all are invited for smorgasboard lunch and plenty of drinks and all for free too.

Rang ROY De JARLAIS and he is going OK but like all of us getting older. Have plenty of Bowls on at the moment and I am going well so far. We spent a weekend at SOLDIERS POINT recently, very nice up there just north of NEWCASTLE and part of NELSONS BAY. We also went to see WAMBERAL CAVES out from MITTAGONG, very interesting indeed. Went to CANBERRA to FLORIARD Festival last year, the gardens and displays were very beautiful to say the least; we came back through COLLECTOR and BUNGENDORE, old mining towns and now on the HISTORICAL LIST, very old pub at COLLECTOR, had lunch there and took photo of grave of local POLICE SERGEANT who was shot by bushranger JOHN DUNN around 1850's.

We have also been to NAROOMA on South Coast several times to see Kath's mother who is in nursing home.

Going to Belmore R.S.L. this morning to play 'BINGO', fills in the time, as there will be no Bowls today because it is pouring rain. This is some news for you but unfortunately not much about unit members.

Will sign off now and hope to see you all on 25th.

Yours sincerely,

MURDOCH McMILLAN

*We're glad our police sergeant wasn't shot! Learned how to deal with bushrangers in the transport section no doubt! Thanks Murdoch you are our most consistant correspondent.*

10 Miala Street, Lake Cathie 2445

February 1993

Was down in Melbourne at Xmas and was unlucky enough to have a game of golf with that bandit RON WOFF - got his money back this time!! - of course I was crook at the time!! - actually it was a very pleasant day. Tried to get in touch with TED YOUNG but he was out as usual so I had the pleasure of a much more up beat conversation with his wife ESME.

Cheers to all until next time,

JOHN W. COX

*Horra kept saying that he would be 73 next birthday - I told him that it was a sure sign of old age to quote your next year.*

62 Darwin Road, Boronia 3155

May 1992

Dear Ted (Young)

On behalf of myself and all the GRUNDY family I extend to you and all members wives and families of the 10th FIELD AMBULANCE ASSN. heartfelt thanks for the wonderful tribute you paid to Dad at his memorial service. The sincerity expressed was so very much appreciated and although the loss of Dad will create such a huge void in our lives it is of great comfort to know that he had so many friends who also share that sorrow with us.

Sincerely KEITH and PAT GRUNDY and family,

*KEITH will be attending the reunion in his fathers honour.*

2/36 Middleton Street, Black Rock 3193

24 - 2 - 93

JACK CALDWELL and I have just returned from a day at ROSEBUD as guests of BOB CRAWFORD. His home, built by Bob with little assistance, is a credit to him; the only previous shrine he claims was a latrine at ORO BAY. Apart from his skill as a builder he turned on a great meal during which he recalled many stories of the 10th FLD. AMB. flavoured as only Bob can; an amazing memory, not a sign of senile dementia. Bob hopes to be with us on Anzac Day.

Regards,

JACK CHENHALLS

*Sounds like a reunion of the sergeants mess. Hope to see the three of you at the reunion. Why don't you put some memories on paper Bob?*

Queensland

during the year.

I am staying two full days in ATHERTON. The place has changed so much I thought these scenes would bring back some happy memories. My health is not the best, eye and heart trouble.

Wishing all members the very best,

ARTHUR ROCKETT

*Arthurs' note was on a lovely group of scenes of the tablelands which will be displayed at reunion.*

66 Farquharst, Wingham 2429

February 1993

Haven't written for a couple of years and I felt somewhat remiss about it, so I shall endeavour to make amends. Did any of you see the film Blood Oath? Can any of you recall seeing female nurses looking after P.O.W. patients in the Hospital, for that matter can any of you recall having P.O.W. patients in our wards. And what about the Ambonesian nursing assistants they would have been of great help if we had needed them I am sure. I suppose that is what is called poetic licence.

LES and IRENE BEST have promised to give us the pleasure of their company for a few days from next Friday week 19th Feb. I may just manage to get the Coxes to meet us all somewhere convenient.

Before I left Wingen to move to Wingham (couldn't resist those "Win" letters) I saw BOB ROUGHAN and he had been out cutting firewood on his own and a tree rolled onto him and broke his lower leg. He was driving his old VW beetle with manual gears so he drove home and on the way had to open and close two or three sets of gates. I asked how he managed to do it but he just shrugged and said what else could he do.

Give my regards to all at the picnic and hope they all have a grand time at the new venue.

BILL SHEFFIELD is keeping pretty good health but says his eye's ain't what they uster be - but then whose are? BILL and his wife PAT came and spent just over a week with us last year and it may not be long before we see them again. Haven't heard from my brother BILL for sometime but assume he is OK.

Would love to see anyone who is travelling North through Taree, Wingham is straight ahead as you come off the bridge over the Manning and only about ten or twelve minutes. We are also on the main rail line to Brisbane.

Well this should be enough for one letter so good wishes to all.

Yours fraternally,

KEN CLINCH

*Thanks for such a newsy letter Ken. Saw 'Blood Oath' and agree with your comments. I thought they might at least have shown the 'Squat' latrines!*

It is unlikely that I will be able to attend the March, and the dinner on Anzac Day.

My wife has recently undergone a severe operation and I am restricted, not only because of the location of the village, but the orthopaedic specialist states that my spine is a mess, and he is unable to operate without causing more damage.

Thought I would send a couple of stories which may be of interest, whilst the unit was camped near Maryborough, Q'ld. Would you be good enough to pass on my best wishes to all who will be present at the dinner. I regret not meeting with old friends on that day.

I would mention, at this stage I was the only officer in "A" Coy, whose area was some distance from H.Q. and "B" Coy, which suited us.

#### The first aid demo.

I was ordered to prepare a squad to put on a demonstration of first aid, in the town. Unfortunately, I am unable, with the exception of Kel White, to remember the names of the boys who were members of that squad. I am sure someone will help.

We practiced for some time then proceeded to the Maryborough Town Hall, and put on the demonstration before a gathering of various interested groups - Red Cross, St. John Ambulance, hospital workers, fire brigade, V.D.C. etc. It was well received and written up in quite glowing terms in the local paper the following week. We showed the application of the Thomas splint and also a method of using a stretcher with the carry straps to provide tension for fractures. This latter method was rather crude, and I doubt that it was ever used in practice.

The nicest part of the evening was the lavish supper which was provided by the ladies auxilliary and thoroughly enjoyed. I would mention that, afterwards I was invited by two members of the V.D.C. to accompany them. I found myself in the back room of a rather sleazy pub, where the hosts produced a bottle of rum and a large jug of beer and proceeded to down the rum and beer chasers, this looked dangerous and it was only some quick talking that I managed to get away, using the excuse that the ambulance was waiting to take us back to camp and there would be serious trouble if we were late. (It was nothing to the trouble if I had stayed with those two characters).

#### The railway crossing exercise

It was decided to hold a surprise exercise to test the unit's ability to cope with an emergency, and felt the railway crossing would be a suitable venue.

I was detailed to provide the victims and proceeded to write down all the horrific injuries I could think of (fractures galore, limbs torn off etc.) these were on paper and pinned to the selected victims who were spread along the

railway line. The alarm was given and in due course the ambulances with crews arrived. I can still vividly remember the mighty leap of Capt. McFarlane, he cleared the post and rail fence in his eagerness to get to the casualties. The rescuers were greeted by their grinning mates who offered helpful advice as to their treatment. I think that some of the treatment they received was a little rougher than would normally be given. However, they were duly sent on to H.Q. for processing etc. I understand the exercise was classed as a success.

The "A" Coy picquet scam.

In the evenings, after mess at H.Q. I would return to the Coy area, and call in for a chat with RON SINCOCK, whose tent was near mine. Was puzzled that RON seemed to be on picquet duty quite often and later became a bit suspicious, much later learned that it was a ploy to keep me out of the way and in ignorance.

It seemed that in keeping with "A" Coy initiative and ingenuity, the boys had "put in" and bought an alarm clock, thus obviating necessity for night picquets (all contrary to good order and military discipline!)

It meant that the alarm was set for the proper time, so that the fires were lit, the cooks woken, and breakfast produced on time and all had an undisturbed night.

Someone who has an intimate knowledge of this enterprise may care to enlighten us further!!

Yours sincerely,  
MERV FEATONBY

*Thanks MERV for these stories - they should prompt a rejoinder from "B" Coy, H.Q. or transport. Look after yourself, you never showed any weakness in the spine before.*

6 Austin Road, Seaford 3198

2 - 3 - 93

I hope this letter with my subscription finds you all well. Sadly I have to let you know that my good lady left me quite suddenly just prior to Christmas from a CARDIAC ARREST. She was in intensive care at Mornington Hospital for 20 hours.

Life must go on and am coping quite well, I have the support of a loving family, and caring friends in our PROBIS CLUB. All going well, I expect to see you all on ANZAC DAY to renew friendships.

Regards,  
LEN MARTIN

*Sorry to receive this news LEN but your attitude may well offer support to others. Look forward to your company on ANZAC DAY.*

56 Coolawin Road, Northbridge, NSW 2063

5 - 3 - 93

I fully expected that I would be down for the March and Reunion this year and I was looking forward to preparing the Toast to the Unit. Unfortunately I have had my wife LORRISA in hospital following a heart attack late last month and although she is home again, I am afraid we will be precluded from moving too far afield for some time yet.

Please offer my apology for my non attendance - I will be with you in spirit on the 25th. With all good wishes.

Sincerely,  
LLOYD STUART

*Under these circumstances you are granted 12 months leave of absence LLOYD!  
Our best wishes to you and your wife.*

236 Rossiter Road, KooWeeRup 3981

3 - 3 - 93

To continue my contributions to 10th TIT BITS. I recall one incident at ORO BAY which had its humorous moments. Under the leadership of the late CAPTAIN WILTON we proceeded inland to a native village known as SIO MISSION, if my memory is correct. The object was to take supplies including medication such QUININE, ATEBRIN and bandages. We left early and arrived tired and wet and bruised after negotiating the precipitous slopes. Soon after arrival we thought about 'a meal' and a fire was soon burning and dehydrated meat and rice in a DIXIE was cooking. In the bottom part of the DIXIE a second course. The water in the DIXIE was obtained from what we thought was a village well. We enjoyed the meal and met a few of the native boys. One boy in PIDGIN-ENGLISH told us the well was a latrine hole which had not been used for some time. This information was not well received and most of the 'troops' tried to entice up the previously enjoyed meal but were unsuccessful. We treated a PAPUAN INFANTRY BOY who was suffering from BLACK WATER FEVER and using a stretcher we transported him back to ORO BAY.

Yours sincerely,  
LEWIS COURTNEY

*Thanks LEW. We look forward to another story next year, but don't make it quite so hard to swallow!*

**BITS AND PIECES**

We wish to thank the unknown lady donor of the beautifully decorated cake left for us at last years Reunion. The decoration included a slouch hat and 10th FLD. AMBULANCE. So far all the 'regulars' have disclaimed responsibility. The efforts of WATTIE and PEG TULLY at this years picnic cannot go unrecorded. They got to the picnic area at 8.15 A.M. and took possession of the covered area for us. Peg swept it out and WATTIE secured the unit banner and 'held the fort' until members started arriving at 10.30 A.M. In the early afternoon they slipped away as PEG had to enter Hospital later that day!

DICK HOLMES has had a spell in hospital and as he was receiving on going treatment when the Picnic notices were due to go VERN LAIDLAW stepped into the breach and took over the job. Thanks VERN; we know that your health is not the best and we appreciate your efforts.

Several members have been in hospital during the year, probably many that we have not heard of and we send greetings to all the 'sickies' especially ANDY McHATTIE, JOHN HALL, KEITH FLINTOFF, NEV STEPHENS, STEEVE LANGTON, ALAN SHARP and DOUG POTTER.

Each year I mean to thank our Assistant Secretary KEN STANLEY for the exceptional job he does in recording the minutes of the REUNION. It makes my job of writing TIT BITS much easier. THANKS KEN.

Travelodge Motel will again provide a room for our ladies and advise that although the dining room, will not be open, room service will be available.

A new face appeared at the Picnic this year and members gave RON McNEIL a warm welcome.

Late news to hand from BOB JAMES suggests that FRED MARLES, LES BEST and GEOFF FLOWER are coming down with him for the Reunion.

It seems as if MICK DUNN'S book will never be completed. He advertised for a GHOSTWRITER to assist him, received six applicants but couldn't 'see' any of them!

See you all at the REUNION, come along while you can!

Sincerely,  
RON WOFF

LEST WE FORGET

They shall not grow old  
 As we that are left grow old  
 Age shall not weary them  
 Nor the years condemn  
 At the going down of the Sun  
 And in the morning  
 We will remember them.
